

Amplified Stereo Speakers

GO-400

For great sound in a small package, try the GO-400 amplified stereo speakers.

They are powerful, portable, and the small footprint lets you put them practically anywhere.

Connect them to your bookshelf stereo system, gaming device, TV, MP3 player, computer, iPod, or karaoke DVD player.

Easy-access microphone inputs on the front panel will even allow you to connect 2 microphones directly to the speakers — giving you the ultimate portable PA system.

Ideal for:

- Home
- Office
- Classroom
- Small spaces
- Instructors
- Small group speakers

Key Features:

- Portable and easy to use.
- 2x Powerful maximum 50 watt amplified speakers
- 2x Microphone inputs w/separate audio controls
- BBS (bass enhance)
- Built-in mixer and digital echo
- Elegant Piano finish on housing
- 2x RCA inputs and (2) RCA outputs jacks
